SUSHIL RK

Full-Stack Developer | AI/ML Integration | Security-First Architecture

sushil.kamble2077@gmail.com | +91 9923542485 | Pune, Maharashtra, India

Portfolio | LinkedIn | GitHub

TECHNICAL SKILLS

Programming Languages: Python (Data Analytics), JavaScript , C++, C, Java, HTML5, CSS3

Frontend Frameworks: React, Next.js

UI & Styling: Tailwind CSS, Sass/Less, CSS Modules, Styled-Components

Build Tools: Webpack, Vite, ESLint

Testing: JUnit, React Testing Library, Cypress

Performance Optimization: Code splitting, lazy loading, browser rendering principles, performance metrics monitoring

Version Control: Git, GitHub

Operating Systems: Linux

Other: Technical leadership, Team management

WORK EXPERIENCE

Full-Stack Developer | Web Development Project

- Assisted in developing and maintaining web applications, contributing to feature implementation and UI improvements.
- **reducing compile time by 75%**Improved build configuration and development workflow,
- Built reusable UI components to improve consistency and maintainability across projects.
- **reducing initial load time by 50%** Optimized application performance,
- Supported data analysis efforts by examining user and performance metrics to identify trends and suggest improvements.
- Collaborated with team members during code reviews and technical discussions to continuously improve code quality.

PROJECTS

Sales Analysis & Forecasting — *Sales Forecasting Desktop Application*

GitHub: https://github.com/sushil3050-ctrl/Sales-Analysis-Project.git

Tech Stack: Python | Pandas | Matplotlib | Seaborn | Statsmodels | Tkinter

- Developed a desktop-based sales analytics and forecasting application to analyze historical sales data and predict future trends.
- Implemented data cleaning, exploratory data analysis (EDA), and 6-month sales forecasting using Holt-Winters Exponential Smoothing.
- Built an interactive GUI for visualizing monthly trends, top products, customer insights, and regional performance.
- Packaged the application as a executable using PyInstaller for easy distribution and deployment.

EDUCATION

Bachelor of Engineering, Computer Science *September 2021 – Present*

Savitribai Phule Pune University (SPPU) | GPA: 8.88 / 10.0 | Currently in 2nd Year

- Completed core courses in Data Structures, Algorithms, Operating Systems, Computer Networks, and Web Development.
- Contributed to open-source projects, gaining practical coding experience
- Developed hands-on skills in web application development, data analysis, and software engineering through academic and personal projects.
