Objective

Resourceful and detail-oriented software developer with strong skills in C++, Python, and web development. Seeking to leverage problem-solving expertise and hands-on experience in building efficient, scalable applications to contribute to a dynamic technology team.

Education

Bachelor of Technology in Computer Science
XYZ Institute of Technology, Pune
Graduated: 2025

Technical Skills

- Programming: C++, Python, JavaScript
- Web Development: HTML, CSS, Bootstrap, Flask
- Databases: MySQL (beginner, practical exercises)
- Tools: Git, Visual Studio Code, MySQL Workbench

Projects

AI-Powered Job Search Website

- Built frontend with Bootstrap and RTL support.
- Designed backend with Flask and MySQL integration.
- Implemented AI-based resume screening and job matching.

Algorithmic Problem Solving Library

- Developed efficient solutions for 3Sum, 4Sum, matrix traversal, and prime counting.
- Optimized code for brevity and performance.

Experience

Intern – Software Development
Tech Solutions Pvt. Ltd., Pune
June 2024 – August 2024

- Assisted in debugging and refining code for client applications.
- Collaborated with team to improve UI/UX accessibility.
- Gained hands-on experience with database setup and queries.

Achievements

- Solved 200+ coding problems on LeetCode and HackerRank.
- Recognized for efficient debugging and iterative improvement in academic projects.
